## VENICE

🌀 **The Merchant of Venice**

Money for love against revenge! Antonio for Bassanio, Portia for Bassanio, Portia against Shylock: can the Jew demand a pound of meat from *The Merchant of Venice*? A noble Palace, its history and its rooms to get to the process!

**Palazzo Marin**, an authentic Venetian Palazzo of the sixteenth century between Santa Maria del Giglio and Gran Teatro La Fenice.

The sign on the wellhead in the inner courtyard (a wave supposedly azure on an argent background) testify that the building belonged to the Marin family, who oversaw the restoration and renovation of the interior decoration starting from 1760.
